

Pigtail

Benefits

- ✓ Used for Fusion or Mechanical Splicing
- ✓ High Buckling resistance
- ✓ Tight bending radius
- ✓ More 2.0m can be stripped in one piece
- ✓ Easy to use

Specification

Min. bending radius	20mm
Tensitive load	≤ 20 N
Operating Temperature	-20 °C up to +60 °C
Starage Temperature	-25 °C up to +70 °C

Ordering code information

Exemple: FPT - LC / PC - 5 - 2.0 M

1 2 3 4

- | | | |
|----------|-------------------------|---|
| 1 | Connector Type | "FC" for FC type, "SC" for SC type, "ST" for ST type, "LC" for LC type, "MT" for MTRJ type, "E2" for E2000 type, "MU" for MU type. "DI" for DIN type and "D4" for D4 type |
| 2 | Finish type | "PC" for PC type, "UP" for UPC type and "AP" for APC type |
| 3 | Fiber Type | "5" for MM 50/125, "6" for MM 62.5/125, "9" for SM 9/125, "2" for OM2 and "3" for OM3 |
| 4 | Cable Lenght (Meters) | |
